Patent Application #10/575,607  
Patent Application filed April 13, 2006  
Our Docket 1340US2

Dear Sir or Madam:

A filing was inadvertently made yesterday on U.S. Patent Application #10/575,607 via EFS Web. Please remove the entire submission with the EFS ID 10394659. This was submitted in error while I was demonstrating an error I get frequently with pdf documents in EFS Web filings. You will note the title of the document submitted in error begins with a docket number of 1391US2 rather than this file docket 1340US2.

The submission with EFS ID 10396401, the document entitled 1340US2AppealBrief2a, should be left standing in your systems.

Please let me know if a fee should be paid for this request. Thank you for your help!

Sincerely,

Nancy Skaalrud
